I am writing this letter to thank Tom Dermody and his staff at Santee Elderly Care for the excellent care they gave my father, Jim Mastromardi. We checked several facilities when we could no longer care for our father. Every place we looked at was understaffed, dark, dirty and smelled. Santee Elderly Care was modern, lots of light fresh, with a private bathroom of his own room thermostat & cable hook up. Tom and his staff were always caring, kind, and loving to my Dad and our family. Whenever we had questions or needed to talk to Tom personally they were always available. I would not hesitate to recommend Tom and Santee Elderly Care to anyone looking

for a clean compassionate
facility to care for their
loved ones.
