Dear Tom,

This letter is to thank you for the professional and compassionate care you provided for my wife, Ilean Landis, during her final illness and death. You and your staff offered much appreciated hospitality to me, and my family, whenever we dropped in unannounced at odd intervals. Erica and the night lady were more than welcoming and accommodating in addition to their professionalism. The congeniality and long experience of Rose was the frosting on the cake of our trusting and comforting experience at Santee Elderly Care.

Convenient access from Hwy 52 is also a plus, as is the comfortable neighborhood.

Good luck to you in this enterprise. You can use us for a reference at any time you wish.

Sincerely
