

Dear Tom,

I want to express my sincere gratitude to you, Daisy and Kristina for the wonderful care and compassion you showed my mother, during her time at your home.

Knowing she was surrounded by people who treated her with kindness, dignity, and genuine affection brought great comfort to me. Your patience, support and attention to her needs made a difficult time much easier to bear and gave me peace of mind.

I am grateful that her final days were spent in such a caring and loving environment. The kindness you showed her - and our family - will NEVER be forgotten.

Please accept my heartfelt thanks for everything you did.

With gratitude and love,
Evelyn's daughter - Donna
